

Why don't we rely on the Holy Spirit  
as we should?

We don't realize how weak we are.  
We don't realize how strong our enemy is.  
Or we think we can do it all ourselves.

We should tell Him how weak, helpless, and unstable we are. It is important that we stand aside and let Him take over in all our choices and decisions.

The first key for usefulness in God's kingdom is humility. Pride cuts us off from God and from other people, and deceived us into thinking we can do God's work without God's power. When we rely on the Holy Spirit, He sanctifies us so we can be effective tools in God's hands.

Developing your character is never easy, which is why so many people abandon it. But it is so worth it. Character matters more than anything because you bring who you are into everything you do. Your character determines the kind of spouse, parent, friend, employee, and leader you are.

When you are no longer breathing, the legacy you will leave will center on your character. People will remember if you loved well, if you forgave easily, if you cared enough to be there for them. They will remember if your life revolved around you or whether you really tried to honor God and others.
