

Trials and sufferings aren't unique to you or me; they are the common lot of all humanity. That is why God wants us to cultivate the virtue of "longsuffering" in our lives. That is why God wants to infuse us with a "can-do" attitude, with supernatural endurance, perseverance, and resilience. You and I cannot give up—not for a moment.

A Life Beyond Amazing
David Jeremiah

Fear is a spiritual force that can actually attract the very things it dreads. In a sense, it is the opposite of faith. Faith is positive expectancy of good from God. Fear is negative expectancy. As such, it shuts down your capacity to receive from God. What a hellish prison it is to live in fear. At a spiritual level, fear paralyzes and prevents you from fulfilling God's unique, amazing destiny for you.

Praying Grace
David Holland

The most important point to remember is that we did not pick this fight. They brought the fight to us. We didn't wander into politics; they invaded the church. We did not spiritualized politics. They politicized spirituality. They wandered into our lane, ordering us to violate our conscience and worse—to disobey God.

Vessels of Fire and Glory

Mario Murillo

Repentance in our time looks like this: we abandon methods that while good, would be a drag on revival. We examine the crimes we have committed against the Holy Spirit and we forsake them. We end our theological apology tour. We look the culture right in the eye and say, *"I know you will hate me and say I am judgmental, but what I am about to tell you will bring life—life like you never imagined."*
